Volunteer Opportunities

Clean Up Day

- We need helping hands and equipment like chainsaw, limb trimmers, hand pruners or loppers for the annual task of trimming around ponds and through the fields clearing away any fallen limbs. ATV, pick-up trucks and trailers are needed to move cleared brush to burn piles.

Hunt Tests

- Hunt test Set-up – Arrives Friday before the test to meet with judges and collect an inventory of all equipment needed for their set-up. Coordinates with equipment manager and judges to get first series wingers set up and mark the areas of the running line, holding blinds, etc.
- Stake Coordinator – Each test has a stake coordinator to make sure the stake has equipment and volunteers in place to start the test on time. The coordinator ensures a smooth transition between series.
- Marshal – Manages the running order of the entries, checking in handlers and coordinating with other stakes to find handlers running different series. Manages call backs and reads the passes during ribbon presentations. Refer to AKC Hunt Test rules for a full description.
- Blind Planter – Typically in a blind out in the field planting the blind bird at the direction of the judges.
- Gun Station – Loads winger and fires shot gun simulator (operation is similar to starting your as grill) for a mark. A single volunteer can run a gun station or two volunteers can team up with one on the winger and the second firing the simulator.
- Bird Taker – Stays at the line with the judges to receive the retrieved ducks and dry with chamois, if on water, and hang. Has bagged ducks ready for re-birding gun stations and blind planters.
- Lunches / Coolers – Works with chairman to ensure the proper number of lunch's are ordered. Picks up and assembles lunches (sandwiches, chips and sweet) and distributes to each stake. Manages drink coolers and ice.
- Bird Steward – Helps organize correct number of birds to each stake at the start of each day. Hangs birds at the end of each stake on Saturday. Needs to have a truck or ATV with trailer to move duck from storage to tests.
- Volunteer Coordinator – Call member volunteers and confirm availability for the preferred event and ensure event coverage. Training/assistance will be provided.

Geauga Fair

- Demo Dog - Retriever demonstrations at the Geauga Fair are twice daily, 4pm and 6pm, each of the four days of the fair. We hope to have a variety of retriever breeds demonstrate their skills. Our goal is to have 5 or 6 dogs retrieving at each session. These are water retrieves for young dogs plus a blind for skilled dogs.
- Leader for a demo day – Coordinate the demo by making sure the MC has the script, the handlers know their dog's order and collaborating with the handlers on the set-up.

Training Days

- Truck/Trailer equipment and birds from the Nursery out to Crooked Creek and return after event.
